

THOUGHT PARTNERSHIPS

Building effective cross-sector Communities of Practice to advance just, inclusive and non-violent societies

What We Do

Thought Partnerships is dedicated to advancing non-violent, just, and inclusive societies. We create collective impact by building effective Communities of Practice. We bring people and ideas together to deepen impact, co-creating whole-of-self solutions to whole-of-society problems.

Through opportunities for deep learning, sharing and nourishment within and across diverse geographies, Thought Partnerships identifies and connects leaders seeking to work as part of mutually reinforcing ecosystems.

Our Communities of Practice build strong peer-to-peer relationships that harness the collective wisdom and lived experience of cross-sector experts, activists, and practitioners to amplify impact and advance a more peaceful world.

Thought Partnerships | Program Officer-Nourishment and Wellness- PT

Thought Partnerships' **Program Officer-Nourishment and Wellness** will lead, design and implement work across multiple aspects of the organizations programming including: designing and implementing a suite of health and wellness programming for our community, spotlighting tools, resources and best practices on nourishment, while also actively participating in other aspects of organizational development and program enhancement.

Responsibilities:

Design and Deliver Programs (60%)

-Design and curate programs to advance the collective nourishment, wellness and relationship building and across our Community including:

- Curating the delivery of in-person and virtual health and wellness programs
- Leading community engagement on holistic well-being
- Supporting the Integration of nourishment and wellness approaches across all TP programs and practices.
- Track and support MEL processes

Curate Health and Wellness Resources (20%)

- Source and collate resources from across our Peer Learning Community as well as from relevant experts, sectors and contexts.
- Contribute resources, tools for the Open Resource Library
- Develop content that allows TP to model forward our values and practices and share them widely across our membership and the wider field.

Organizational Contributions (10%)

1. Organizational Strategy and Development

The Program Coordinator will contribute to cross-cutting processes that advance the strategic direction and development of the work and model. This includes but is not limited to:

- Strategic Planning
- Implementing monitoring, learning and evaluation tools
- Testing and iterating the integrated model of work
- Help collect and compile best practices

2. Contribute programmatic updates and reflections as needed for:

- New grant applications and grant reports
- Funder and Advisor updates
- Organizational learning and reflection processes.

3. Organization Representation

- Represent the organization in meeting, events and affinity groups

Health, Wellness and Professional Development (10%)

- Suggesting, participating in and modeling practices and behaviors that enhance the well being, work-life balance and creative potential both individually and as a member of the collective TP team.

Skills:

- 6-8 years of experience working in related modalities such as holistic wellness, mindfulness, trauma healing preferably with experience working globally or across cultures and contexts.
- Active listening skills, compassionate leadership, desire to support healing and hone the ability for our members and other civil society leaders to build resilience.
- Demonstrated ability for building and sustaining authentic relationships across diverse groups of partners and stakeholders, especially in and through virtual forums and over long distances.

- Demonstrated experience in successfully coordinating and supporting across multiple programs from design and implementation through to monitoring and evaluation
- Culturally sensitive with strong listening, verbal and written communication skills
- Commitment to do no harm
- Ability to operate well in complex nuanced environments including by assessing and mitigating risk
- Commitment to collective learning, human centered program design and iterative learning

Qualities:

- Specific interest in working to advance non-violent, just, and inclusive societies.
- Demonstrated commitment to better understanding different worldviews, life experiences and perspectives
- People person who thrives on building strong, genuine, mutually respectful and long lasting peer relationships and serves as a connector and collaborator
- Innovative, quick self-starter with ability to work independently who equally values contributing to a healthy organizational culture and working in an integrated team approach.
- Strong desire to work on a highly collaborative and integrated team
- Comfort with operating in a virtual team environment
- Commitment to diversity, equity and inclusion in all facets of the work and representation of the organization
- Commitment to open communication, transparency and accountability
- Strong commitment to human rights and social justice
- Good sense of humor, positive attitude and resilience to work on tough issues
